

# Freddy

The first household  
blast chiller since 2002.

### Built-in multifunction blast chiller.

Freddy, chiller derived from professional appliances, is designed to fit into all standard 60 cm columns. It fits perfectly thanks to an essential design, completely without protruding parts that allows it to match any kind of kitchen or room. Freddy is available in brushed steel, black glass and De Castelli material. Freddy is operated via a digital interface, simple to use and with full features. The controls have soft-touch technology, without any buttons. All Freddy's components comply with the strictest international standards regarding environmental, health and food safety.

TECHNICAL SPECIFICATIONS	Freddy 60	Freddy 45
Blast chilling cycle yield (from +90 °C to +3 °C)	5.0 kg	3.5 kg
Shock freezing cycle yield (from +90 °C to -18 °C)	4.5 kg	3.0 kg
Voltage	220 - 240 V / 50 Hz	220 - 240 V / 50 Hz
Max absorbed power	870 W	500 W
Total absorption	3.8 A	2.2 A
Compressor power	0.57 Hp	0.33 Hp

Net machine weight	56 kg	43 kg
Grille capacity	3	2

**Standard equipment:** Stainless steel grilles (2 for Freddy 45, 3 for Freddy 60) / Core probe.

#### Assembly precautions

The household appliance has a connection cable (length 2m).  
**Make sure to leave an air gap of at least 80 mm at the top of the recess and in the plinth.** It is recommended to install the appliance away from heat sources, ovens or other appliances that produce heat. Provide for the Schuko plug behind the appliance.

#### Finishes

It is possible to customise the finish of all Freddy models: brushed steel, black glass and De Castelli. Furthermore, they are available with the kitchen door finish required by the customer and in RAL colours. (See page 84)
